task & management seating

proxy

Proxy is available with 6 standard knit back color options. Base and optional handle are available in 2 finish options.
at left PX800L (dancing silver knit back, loop arm) shown with Connect Media Activity Center. at right PX800T (white river knit back, T arm) shown with Swish.

design details

proxy task and management collection

Proxy features beauty and comfort while delivering style and value. The sleek knit back ergonomically supports for long term or short term sitting. Proxy provides a tailored fit with available swivel tilt, synchro tilt, and seat slider as well as arm and back handle options. Create the right style for any space or function.

arm selection

Proxy seating is available with an elegant loop arm, an adjustable T arm, or armless.

base selection

Five star bases feature dual-wheel casters and are available in black polyurethane or polished aluminum.

handle option

Optional metal handle in Black Sandtex or Nearly Chrome aids in movement while adding functionality.

knit back

color and style

Add a punch of color to any setting and complement any fabric with Proxy's 6 knit back color options. Proxy's metal frame is covered by a flexible knit back that provides maximum breathability and ergonomic support. From warm to cool to neutral, find the right color to complete your space.
