

MEET
REQUISITE.™

**WORK.
MEET TEAM.**

Business is a meeting of the minds. Requisite is a series of seating solutions that bring together creativity and economy, innovation and stability, first and lasting impressions. All equate to an ideal solution for conference or executive spaces.

DESIGN. MEET DETAIL.

In the development of Requisite, designer Todd Yetman built on his experience developing industry-recognized, award-winning seating solutions. Classic lines combine with modern materials to create a look that is welcoming at all angles. Intersecting materials create visual interest at 360-degrees. Components connect by a metal pin, eliminating the need for fasteners, to create a seamless finish. An optional return-to-center cylinder neatly returns each chair to its precise placement after you have left your seat. All aspects of the design have been carefully considered to deliver the greatest value.

REQUISITE MIDBACK,
LOOP ARMS

**SUPPORT.
MEET
STRUCTURE.**

A highly durable all-steel frame allows the back to flex to support lengthier conversations and a more comfortable sitting experience. Choose a synchro-tilt mechanism* that simultaneously tilts as you lean back, or a knee tilt mechanism to provide the maximum recline. In keeping with our commitment to providing solid ergonomic solutions, adjustments can be made conveniently from the seated position.

Considered Design.

Design options combine three arm styles, two back heights and two mechanisms in order to tailor Requisite to your specific needs.

REQUISITE MIDBACK,
LOOP ARMS

REQUISITE HIGHBACK,
UPHOLSTERED ARMS

REQUISITE MIDBACK,
SEVEN ARMS*
